OVERVIEW

At Reach Global envisions a world where inclusive prosperity thrives through a tapestry of education, research, arts, and community development. Empowered by a diverse team, our mission is to illuminate pathways for communities, nurturing their potential and advancing economies. We foster collaborations, bridging cultures and knowledge systems, to create lasting impacts in Africa and beyond. Through strategic initiatives and partnerships, we champion progress, promoting a harmonious, inclusive future for generations to come.

At Reach Global is dedicated to illuminating the trajectory towards a promising future for communities, children, and educators across Africa. Our mission is to unlock their full potential through comprehensive access to education, research, arts, and community development initiatives. We are committed to advancing economies by empowering individuals to cultivate forward-thinking mindsets and identify strategic opportunities. Through collaborative partnerships and local engagement, we bridge gaps, facilitate access to pivotal research, and empower youths to become change-makers. Our goal is to create a sustainable impact, fostering inclusive prosperity and a harmonious future grounded in diverse cultures and shared values.

OUR STORY

Our story started in 2023; the organization became legalized in 2024. At Reach Global was founded by a diverse team of educationalists, agronomists, and community relay agents concerned with comprehensive access to education, research, arts, and community development initiatives of the rural people. Especially those in hard-to-reach areas and those rendered vulnerable. This includes but is not limited to pupils, students, and youths. We became committed to advancing economies by empowering these individuals to cultivate forward-thinking mindsets and identify strategic opportunities, to bridge gaps, facilitate access to pivotal research, and empower youths to become change-makers. nurturing their potential in advancing their local and personal economies.

KEY ACTIVITIES AND ACHIEVEMENTS

☞ Our work in 2023

Classes and activities during the holiday July 15th to August 25, 2023. Detailed report submitted available on the website.

☞ Our Work in 2024

As we reflect on 2024, we are proud of the milestones we have achieved together. At ATREACH GLOBAL. This year, we expanded our reach to continue making a difference in the lives of children and students. Below are highlights of our activities for 2024.

Task 1. Workshop 2024

We successfully hosted an interactive workshop on January 14 - 16th focused on equipping young students and researchers with innovative research strategies focused on scholarship opportunities, writing of CV, opportunities for community engagement and fostering leadership skills in their schools and communities. The workshop drew participants from various regions, who benefited from sessions on mentorship, digital learning tools, and personal development. This initiative continues to support our mission to uplift educational standards across Africa.

Key Outcomes

- ☞ Trained 50 young students.
- ☞ Strengthened their abilities to write good CVs and search for scholarship
- ☞ Introduced modern digital learning tools to enhance research

Task 4. Review and Editing of Proposals and Applications to Universities

We offered personalized support to students and young professionals by reviewing and editing over 5 proposals and university applications. This service ensured that applicants presented compelling and professional submissions, increasing their chances of success in academic and career pursuits.

Key Achievements

Empowered applicants with better communication and writing skills.

REACTION FROM BENEFICIARIES

AtReach global has been an invaluable support in my academic pursuit. Their expert guidance helped me craft a professional and impactful CV, personal statement, cover letter, tailored to showcase my skills and experience. Thanks to their dedication and expertise, I approached every step with confidence.

Ndifon Silas

My name is Ndifon Silas a year 5 Geography student from University of Bamenda. It is with great joy I write to appreciate AtReach global organization. AtReach global has been an invaluable support in my academic pursuit. Their expert guidance helped me craft a professional and impactful CV, personal statement, cover letter, tailored to showcase my skills and experience. Thanks to their dedication and expertise, I approached every step with confidence.

Nchinda James

My name is Nchinda James, and I am writing with immense gratitude to appreciate Atreach Global for their incredible support in my life. My future seemed uncertain after facing significant challenges due to the socio-political crisis affecting the North-West and South West regions of Cameroon. My parents are peasant farmers and assisting me financially has been very difficult.

Just when I was on the verge of dropping out of school, ATREACH Global stepped in and became my savior. They took on the responsibility of paying my tuition fees, enabling me to continue my education to the university and pursue my dreams.

I am deeply thankful for the remarkable support ATREACH Global has provided me. I pray that God richly blesses and protects all the members of ATREACH Global, empowering them to continue bringing hope and transformation to the lives of others in need.

Dzelefen Serge

I am Dzelefen Serge, a first-year university student, and I write to express my heartfelt gratitude to ATREACH Global for their immense support in my education.

I come from a single-parent household, where my mother works as a house help with a very small income, barely enough to provide for our basic needs, let alone my education and school supplies.

Through her unwavering determination, she applied for assistance from ATREACH Global, and our prayers were answered. ATREACH Global has generously taken care of my tuition fees, giving me the opportunity to continue to the higher institution of education.

Thanks to ATREACH Global, I am now a university student, with renewed hope for a brighter future. Your support has been like a pillar of strength in my life.

I am profoundly grateful for all you have done for me. May God bless you abundantly, replenish your resources, and empower you to continue transforming the lives of vulnerable children like

CHALLENGES

- ☞ Low participation from the south-west region
- ☞ Lack of enough funding to compensate volunteers/staff to organize more networking and workshop sessions
- ☞ Difficulty in mobilization of goods/resources to conduct lessons
- ☞ Lack of enough preparation time prior to event dates.
- ☞ Difficulty of movement around the regions due to safety concerns and lack of private vehicle.
- ☞ Lack of opportunities to apply for national and international funding.
- ☞ Lack of a centralized office to properly manage activities.
- ☞ Lack of enough resources, including laptops, office stationeries to work towards engaging kids in schools.

FUTURE PERSPECTIVES

As we step into 2025, our focus remains on expanding our reach, forming stronger partnerships, and amplifying the impact of our initiatives. We will continue to invest in programs that empower children, students, and communities, ensuring they are well-equipped to seize future opportunities.

Establishment of Vocational Centers

We propose to open three vocational centers in Buea, Bamenda, and Mamfe, with the primary goal of empowering individuals through skill development. These centers will focus on providing training in tailoring, carpentry, and sustainable agriculture. By equipping individuals with practical skills, we aim to create opportunities for self-reliance and economic growth within these communities.

Design and Multimedia Center

A dedicated design and multimedia center will be established, alongside our vocational centers. These will be equipped with laptops and advanced software for design and simulation. This center will focus on training participants to use scientific approach to solving community problems. Participants will be supporting projects related to product development, building design, waste disposal, water projects, drought evaluation, fostering innovation and creativity among local talents.

Promotion of Sustainable Agriculture

To enhance agricultural productivity and food security, we plan to partner with qualified professionals to conduct workshops and hands-on fieldwork. These initiatives will focus on teaching sustainable farming techniques and promoting best practices that can increase yields while preserving the environment.

Clean Water Access Project

Recognizing the importance of clean water for health and well-being, this project will involve working with local communities and partners to build water catchments and purification points.

These efforts will ensure access to safe and clean drinking water, significantly improving the quality of life in targeted areas.

Solar Energy Solutions

In regions disconnected from the main power grid, we aim to implement solar lighting projects. By providing sustainable and reliable energy solutions, this initiative will enhance living conditions and support local development activities.

Mobile Healthcare Clinics

To address healthcare challenges in remote areas, we plan to organize mobile clinics staffed by trained nurses and healthcare professionals. These mobile units will deliver essential medical services, including preventive care, diagnosis, and treatment, to communities with limited access to healthcare facilities.

ACKNOWLEDGEMENT

ATREACH Global would like to extend their heartfelt gratitude to our team members. Their contributions, regardless of lited or no payment, have been a testament to the growing success of this organization. You have helped us to touch lives and create meaningful impact. Special thanks to Dr. Rajour Tanyi and Dr. Baninla, our founding directors. Heartfelt thanks to Nelson for his relentless ability to bring the team together on very short notices.
